This book made planning our wedding ceremony a piece of cake. The suggested readings were easy to copy for friends to read from for our ceremony and the checklist style was great. We wanted a traditional ceremony, but wanted to add some personalization to it and this book spelled out the traditional ceremony very well, so we could find the places we wanted to adjust and present to our priest for his approval.

Ordered several copies. Some came as early as three days after the order was placed. All were received days before the promised date. Books were in perfect condition. I am very pleased with the purchase and ease of purchasing process.
