Sweets & Treats With Six Sisters' Stuff: 100+ Desserts, Gift Ideas, And Traditions For The Whole Family

Synopsis

Six Sisters' Stuff is one of the most widely followed cooking and lifestyle blogs with 6.7 million page views per month and their most popular features are their fantastic dessert recipes. Whether quick-and-easy, imaginative show-stoppers, special occasion, holiday-themed or adorably cute and kid-friendly, this new Six Sisters' Stuff cookbook features 110 scrumptious homemade dessert recipes, covering every sweet tooth craving. Step-by-step instructions make it easy to create delicious and imaginative confections using pantry staples including: Mississippi Mud Brownies, Homemade Twix Bars, Nutella Cheesecake, Key Lime Cupcakes, Samoas Popcorn and includes a chapter on super-fast no-bake treats like Mini Peanut Butter Cup Trifles. Sweets & Treats with Six Sisters' Stuff also features imaginative ways to share and showcase your homemade confections including: Ways to Package Treats, Dessert Traditions, Desserts Kids Can Make, and Companion Dessert Craft Projects.

Customer Reviews

Quite honestly, I wasn't wowed by it. For my purposes, it's a 3.5 star, but I gave it the benefit of the doubt (for the needs of what apparently is the Target Audience; see below). My issue: the VAST number of recipes that use *boxed* mixes. I moved past those ages ago... basically when I had small kids and worried about the long list of ingredients, most of which resorted to their chemical names. (Let's be honest here: sugars, fats, preservatives.) The mixes used in this book include boxed cake mix, brownie mix and pudding mix. Plus canned pie filling, canned frosting, store-bought cookies and the dreaded (gahk!!) "nondairy whipped topping". If you are into convenience foods

you'll probably love this book. I went through the recipes and found only one (the "Nutella Cheesecake") that I bothered to bookmark. I've enjoyed the Six Sisters in the past, but this book fails on the "Traditions for the Whole Family" front for me. The fourth star is me trying to be nice. I can see some people loving this book, but "it ain't me, babe."

I don't purchase cookbooks - I just look up a recipe online if I need one and I have never seen these books before, AND I don't really cook per say.... So this book is the perfect one for me The recipes are super simple and the instructions are great. I really love all of the photographs so that you know how things are supposed to look and I'm motivated to try making them. It is just beautiful and fun to look at. I have already made four things out of the book in just a short time after receiving it. I purchased another one of these sisters books that is this years Publishing for Christmas gifts. I sent one to a friend just because she has been doing so much for others lately and she was so excited to see such a beautiful book in the mail from . She showed it to all of her friends at work and they all started purchasing one for themselves too. Once you see it you won't be disappointed :-)

I didn't like how nearly every recipe uses boxed mixes, canned pie filling, and instant pudding. I prefer not to use these things when baking so I was very disappointed in this book. It is useless to me and I will be returning it ASAP. If you enjoy using box mixes and convenience foods then this will be your kind of book.

This is a great cookbook focused on the sweet stuff. The Nutella Brownies are VERY good. They are dense and gooey and very easy to make. Recipes are a mix of "from scratch" and some use convenience items. There are also crafts that Six Sisters always include in their cookbooks. There are lots of great go-to recipes that are great for sharing!

LOVE this book! It has so many great treats I cannot wait to make and share with my family. If you're looking for a book with simple and delicious goodies, this is one to get! I'm excited to buy some to give as birthday and Christmas presents. Thanks, Six Sisters!!!

This is a great cookbook. I love that the recipes are so easy and so very good. This is my go to cookbook to use when I need a recipe to take somewhere. I highly recommend it to all levels of cooks. It is a good buy.

I sit for hours and read the six sisters books. It has a lot of great ideas and the recipes are not complicated.

I love Six Sisters'. Their books are entertaining to read and the crafts and recipes are very clear.
Excellent
