Terrific T-Shirts: Hundreds Of Ways To Create Your Own Great Designs

Synopsis

With these 150 fabulous designs, T-shirts change from plain into one-of-a-kind wearable art. The creative and fun techniques will attract both adults and children, and they range from painting and embellishing (with great new info on using everything from beads to appliqué) to stamping and printing. The tie-dye patterns include pretty shibori projects, and there's colorful batik, marbling, and screen printing. Or, for a fun new alternative, try image transfers. All the materials are easy to find and to use, and a basics section for each technique explains all the materials and how-tos, complete with detailed illustrations.

Book Information

Paperback: 208 pages

Publisher: Lark Books (May 1, 2004)

Language: English

ISBN-10: 1579905749

ISBN-13: 978-1579905743

Product Dimensions: 8.5 x 7 x 0.7 inches

Shipping Weight: 12.6 ounces

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (3 customer reviews)

Customer Reviews

This book is a combination of two earlier Lark books, *The Great T-Shirt Book: Make Your Own Spectacular, One-Of-A-Kind Designs*, by Carol Taylor (1992), and *The Ultimate T-Shirt Book: Creating Your Own Unique Designs*, by Deborah Morgenthal (1998), copied word-for-word and photograph-for-photograph. It contains almost no new material at all. Oddly, the copyright page gives no indication that the book consists of previously published material. Even the names of the two original authors, Carol Taylor and Deborah Morgenthal, do not appear anywhere on or in Chris Rankin's book, not even on the copyright page. Publishing old books under a new name, with a new author, amounts to fraud against buyers who previously purchased the earlier books. We are going to have to be cautious about anything published by Lark Books. Those who did not purchase the earlier books will find this book to be useful and inspiring. It contains a large number number of

well-photographed, beautiful, professional-looking examples of how to paint, tie-dye, stamp, marble, batik, and screen print t-shirts. The instructions are not detailed enough to be fully useful, but they are good enough to decide whether a technique sounds intriguing enough to bother finding more reliable instructions for it.

I checked this book out of the library but was so wowed by all the ideas, the clear instructions, and how inspirational the concepts were that I bought a copy to keep and I imagine we'll use it for years to come. The book is full of color photographs of other people's work; then tells very clearly how to do your own, usually with easy-to-find items like potatoes or bleach.

I purchased this as a gift for my husband, and he LOVES it. He's used a number of the ideas and techniques presented in this marvelous book.
