Iron Chef is the most ingenious TV show ever created, well, the REAL original IC show, at any rate. The over-the-top cheesy quality, the bad-English dubbing, the dumb air-head actresses (who sometimes come up with surprising smart comments); the exotic ingredients, and of course--the challenges. The stuff that no normal person would ever cook, or dream of touching on his dinner plate. The combination of sports arena quality and the sideshow of Prices Right, equals=valuable hours of your life spent on watching TV! the book is very in depth, though not quite a "cook" book, the only true thing it lacks is the statistical point. Who won the battles, etc. I am very disappointed in Food Network for not continuing to buy more Iron Chef shows and or continuing to show the reruns; and not to make them into DVDs....instead they're being despots and forcing us to watch that horrible horrible horrible mutant child that came out of that so called "chef". Yet again, an original anime/comedy/whatever show is ruined...just like how they mangled Godzilla. The "Other Thing" show lacks the corny flavor, the second commentator (Fuki-San was awesome), the REAL

chairman, a REAL Chef, REAL ingredients; Fun challengers, (ok, Ming Tsai was funny, but that's it); my respect for Ming grew after watching that only good episode...he was funny, relaxed, self-assured and he kicked Flay's butt!! lawful musical score (sure the soundtrack of the ONLY incarnation of IC was from.....movie, Backdraft), pathetic judges (they ALL annoy me, for some reason). watching the "OTHer Thing" gives me a stomach ache, a headache....and I keep rambling. SCOUR THE EARTH for lost videos/tapes/bootlegs of the ONLY IRON CHEF.
