Customer Reviews

Beckett advertises that it is complete...yet looking sets and sub-sets, they have failed to include them. How can the say complete? Unfortunately, there does not seem to be anything available any better. Guess us collectors are stuck.

just what I was looking for to check out all of my old basketball cards. although I need a magnifying glass to read most of it

a must have for myself

The guide does not flow well and is not comprehensive as I thought it would be for an annual edition.

Ok that good

Great
