Customer Reviews

For collectors it's one of the 2 valuation guides out there. Always fun to compare the 2. Jerry Osborne does the other one. Best to buy both of them. To compare, the discography is a little more complete in Thompson's.

I should have saved my \$25 and not bought this! It actually seems like the 8th Edition has MORE information! Take Michael Jackson as an example. Where are the albums Thriller, Off The Wall and Bad? Book mentions the Thriller and Bad Picture Discs but not the actual albums! The Cover also

says "1950-1990" but I saw multiple albums listed after 1991. Was this book not edited? My advice would be to buy the 8th Edition as I find that to be more complete.
