Customer Reviews

I was rather disappointed overall with this book. No color photos at all. Paging not convenient to a user as you often had to flip the page to get the remainder of the recipe. Instead of organized alphabetically, it would have been more user friendly to have it organized by category of product.

Indexing style of contents is more convenient when you know what you are looking in particular for a specific recipe. I did like the use of commonly found ingredients. However this particular book would not be encouraging use of my processor; better books on the market.

it is out dated and of no value to me. I feel that I have been cheated; I have donated it to Goodwill.
