Customer Reviews

This is a huge compendium of plans for different sorts of ranch homes. There is a lot of variety. However, be sure you know what you're getting - an illustration of the front of the ranch home and its diagrammed footprint. It's great because it lays out the rooms with all the measurements. The color picture on the cover is the most exciting visually of the whole book, though.

More of the same old designs.

I LIKE IT

Excellent
