## Customer Reviews

I couldn't have been more thrilled with this book. I received it as a Christmas gift & everyone spent all day flipping through the pages. The photographs are beautiful & the font used to write the recipes is super fun & colourful. I highly recommend this to anyone who loves a good classic cocktail. It's like a children's picture book for adults! My friends all love it as well, & I've already made a few of the drinks inside. The recipes are dead on, classic, & wonderful. Belongs on the coffee table - you won't want to put it away.

I have more than ten different books on popular mixology. Each one of them has something I couldn't live without, but this is my new favorite for three reasons: 1)The recipes are mostly excellent versions of the classics, not someone's eccentric take on them 2)The format is smart and

convenient with large print and a ring binding to stay open and readable at a distance 3)The pictures are exciting, elegant and inspire your best efforts at presentation.

This book is a masterpiece both as an artwork and as a collection of fabulous cocktail recipes. It is spiral bound with a hidden spine and the cover is thick and soft to the touch. The photographs are beautiful and there is a range of easy to complex recipes. A great book to have on the kitchen shelf.

I purchased four of the Vintage Cocktails books for Holiday presents. Each book was well received and already two of my friends have tested several of the cocktails adn have been delighted. The book looks great and has easy to use cocktail receipes. This was a great purchase!

This book was a splurge for us...It isn't cheap by any means, but it is fantastic. I love that it is spiral bound and lays flat. The photography is stunning! Each recipe gets its own spread. The left page has the hand written recipe and the right has a stunning photograph of the drink. These cocktails are truly the classics. My husband has been drinking his way through this book and loving it!

I got this book for a friend's birthday and am now considering getting a copy for myself. It is truly beautiful - each recipe has a full page for the ingredients and the opposite page is a full-page color photo of the drink. These cocktails are a good mix between simple three-ingredient drinks to some that are a bit more complex. My friend sat flipping through the gorgeous pictures for more than an hour after she got this book. The spiral binding also is a nice touch. I highly recommend!

If it's a book of classic cocktails that you're looking for, then this book is the one. The recipes are clear, the script is large and in a fun handwritten style, and the illustrations are gorgeous. This book is large and spiral-bound, but don't let that deter you from purchasing this as a presentation book. It's very attractive. I had been looking for a book with classic cocktails and this is just perfect. I would highly recommend it for oneself, or as a lovely gift.

What a great cocktail book. It's big, with wonderful color photos (one to a page) and "handwritten" recipes on the opposite page of the photo. A super collection of oldies but goodies, with a few newer versions thrown in. Have already several of the recipes and they're perfect.
