Customer Reviews

An amazing story of a young couple's struggles to eek out a living as maintenance workers on the SP railroad from the Sacramento to Reno route. A time and work ethic long forgotten that shows what extreme conditions these pioneers endured so that the entire country could benefit from main transportation of the time. Easy reading and hard to put down after starting.

A friend bought me this book at the little museum in Dutch Flat, California in 1998. Since then, I've gone back & re-read it WAY too many times to count. It's a "Comfort Food" type of book for me...the Fishers lived in very interesting times.A good companion volume is "Thirty Years Over Donner," by Bill Fisher. It pretty much takes up where "Baggage Car" left off. Buy this book, though...if you love a good story, you'll love this book!

we have a signed copy from the writers, but it is coming apart so i wanted to get one to replace it.

A delightfully true story that I enjoyed very much, reading again for my book club!

Wonderful little gift for the railroad buff!
