Customer Reviews

A friend served several receipes from this cookbook and I liked them so much that I bought the book for me and a book for another friend. Recipes are flavorful, not complicated and ingredients don't require an extra trip to some specialty store. Everything I've tried so far has been a great crowd pleaser. Great pictures throughout. I would recommend if you're looking for new recipes!

Living in the Hawaiian Islands we eat all of our meals and do all of our entertaining outside. The photos are beautiful and the menus great. It's nice having someone else plan the meal. I like the ingredient format too--easy to read and follow.

We have alot of family get togethers and this book has great recipes that look fabulous and are very tasty. A must if you want to impress!

With this book, my husband and I are able to plan a great party for our large family. Everyone is always very impressed with and looks forward to the meal that we serve. This is a book that anyone who loves to entertain must have!

i love this book! i love entertaining and this book has so many great ideas..... if you are having friends over, or having a big family get together, this is the book for you!

Inspirational and useful book!

The packaging was poor. The binding was crushed. And this was a gift.
