Customer Reviews

My dogs are both clicker fanatics, but my kitties were left out of the fun. Who knew that after only a few sessions with the clicker, my cats' recall would be more reliable than my dogs'? These exercises are simple, clearly explained and fun. All of us who live with cats should have a copy!

I have used this book to train my cat to come to me. Have gotten lazy however and haven't done other trainings with it yet.

Ugh. Cat training is hard. Why did I buy this book? It's well written, but cats don't give a hoot about it.

A classic to get you started on the right path.
