Trick Training For Cats: Smart Fun With The Clicker (Bringing You Closer)

Synopsis

The perfect resource to nurture the talents and relieve the boredom of your tame little tiger Cats are clever animals and are often hopelessly under-stimulated in indoor life. This book shows cat owners how to nurture their cat both in body and mind and how to teach them a variety of different tricks and exercises using clicker training in a cat-friendly way. Great fun for owner and cat, this guide walks owners through planning and preparing training; explains the three paths to the perfect trick: shaping, luring, and capturing; and demonstrates how to smooth the path to the first tricks. It covers such easy tricks as begging, jumping over an obstacle, rolling over, and washing; offers solutions to possible difficulties, and includes directions for trick training with more than one cat.

Best Sellers Rank: #590,090 in Books (See Top 100 in Books) #43 in Books > Crafts, Hobbies & Home > Pets & Animal Care > Cats > Training

Customer Reviews

What a great book! I have numerous books and DVD's on clicker training but this book is amazing. The instructions are incredibly methodical. The pictures extremely helpful. I have always enjoyed Karen Pryor's material but this book is so much more advanced in its explanations and detailed instructions. It does such a fine job at explaining the material that you just can't miss becoming a clicker expert in no time at all :) If I could buy only one book on clicker training this would be it! Highly recommended!

Great book - my older cat (maine coon) has learned in a very short time (2 weeks), to do several tricks! Amazing and well written. Thank you

Author give you detailed steps to take to become a clicker training expert. I started with a 3 month old kitten and she learned quickly.

I bought this for my granddaughter who's 8 and wants to teach her cat tricks. She loves it!

Works well with the cats when they want to be trained.

Good book.

The book is well written and seems logical...we'll see if I get good results when I try to put the techniques into place!
