Average Customer Review: 4.7 out of 5 starsÂ Â See all reviewsÂ (7 customer reviews)

Best Sellers Rank: #384,926 in Books (See Top 100 in Books) #103 inÂ Books > Cookbooks, Food & Wine > Cooking by Ingredient > Fish & Seafood

Customer Reviews

I bought this book because we were heading to Florida, and intended to surf-cast while we were there. We're all rookies, and caught nothing, I'm sorry to say. That said, I have skimmed this book and stopped to really soak in some of the information. If you like fish at all, and if you fish at all, this is a great book. LOTS of recipes, plus good information about cleaning and storing your catch. Well worth buying, as are all of Vic Dunaway's books. I recommend it.

I purchased this book with the idea that it would be nice to have some new recipes for fish soup or chowder. This book did the job, as it is filled with many different kinds of both. I highly recommend this book because it has new ways to prepare both fresh and salt water fish. If you fish, this book should be in your kitchen.

I have read several of the books in the Florida Sportsman series, this is just another one of their very well thought out and well researched books. It is a great reference book.

Good cook book, lots of ways to handle seafood. Just what we needed. Bought one for my fishing

partner. Everyone seems to like the book.
