Customer Reviews

This was a birthday gift for my son-in-law who lives in Texas and loves to grill outdoors so the house doesn't get overheated. Although he has a collection of cookbooks, this became an instant favorite.

This is an amazing must have for BBQ lovers and all cooks! it's a great read, truly a great read, and

allows you to have fun with the food, making it simply delicious! So many great recipes that you will eat over and over. Your friends and family will want to watch you in action too as it's entertaining! You will want to give it as a gift over and over AND never let anyone borrow it because they might not give it back. and besides you will be using it so often. Just buy them one!

If the recipe titles aren't enough in GASTRO GRILLING to whet your appetite, the pictures will and if that doesn't do the trick the author's credentials certainly will seal the deal. Ted Reader is the current Guinness World Record holder for the largest burger ever grilled at 590 lbs. Seriously, how can you argue with that? His combination of heartfelt recipe introductions, gourmet ingredient suggestions, advanced grill-skills & techniques, "Ted Tips" and details for meat selections make Gastro Grilling all a weekend warrior needs to become an impressive master griller.

This is probably my favorite of Ted Reader's yet and if you haven't bought one of his books before this is the one to get. All the recipes are so very beautifully photographed. This would be a great book from someone just starting to learn the art of grilling to the well experienced.

Easy and nice recipes. Now giving it as a gift for my grilling friends.

Whether you are a novice or a veteran backyard griller, you'll find tips, information and something of interest in Ted Reader's wonderful new Gastro Grilling offering. Beautifully illustrated with full color photography, the creative recipes in this guidebook go the extra mile by pairing familiar staples with unusual complements and garnishes. Recipes cover the full gamut of meats, poultry and seafood, along with some more exotic offerings such as frog legs and duck breast. The suggestions in Gastro Grilling will keep you well-fed all summer long and beyond!

I meet Ted years ago and always enjoy his cookbooks which I own every one. Great addition to my 2500 cookbook library.

its a great book to learn more about BBQ ted reader is the best pit master in the world
