## Customer Reviews

At first glance this book is very impressive. The colors and charts are full color and the artists are phenomenal in my opinion. However, if you are adding books to your collection and already have a few think twice before buying this one as there are many duplicates from other sole artist books. I found that it was actually more financially responsible to buy independent artist books than this collection. However, if you're starting out. This is a great place to begin. I bought this for Joan Elliott. It includes the Crescent Dragon, and more. I will try to update this review with a full list.

I got this as a gift for my bff for Christmas and she really liked it! Nice designs, detailed instructions, and plenty of variations!

Awesome book!
