This book pleasantly surprised me. Not so much with the recipes, I kind of expected that they would be delicious and they are, for sure. The thing that surprised me was the very detailed nutrition table after every single recipe â “ that is so great and practical thing, but so few cookbooks have that, it is

unbelievable. If you are on a strict juicing diet (I'm not, thank god, I just love juice fasting from time to time) this kind of info is gold for you, gold. Recipes are delicious, as I mentioned, if you love juices this will give you a lot of options and inspiration. My favorite is Apple Pineapple Lime, I could gorge myself on it until I can't move. Five star book from me.

What I like about this book is it full of great juice recipes like carrot spinach cucumber, apple watermelon, apple pineapple lime so with these great use to help you lose weight how can you go wrong. The recipes were easy to make and full of flavor and these recipes will you help with detoxify, flush your impurities and at the same time provide you with the vitamins, minerals, antioxidants and what not. Great Book

The good thing about juicing is it can be a great alternatives for meals and it is so healthy since it is made up of fruits and vegetables that is so good in losing weight. The book includes the nutritional information of every fruit juice recipe. It is a great help to know the calories content of the foods you are taking everyday so that you will know how much you are going to consume for that day. The book has both the nutritional impact and the most delicious fruit juices we would want to prepare for ourselves and for our family. Papaya juice is one that I would like to prepare for myself, Apple and Blueberry juices for my children.
